

# Purrs and Roars

For summer 2023, *Art in a Suitcase* presents "Purrs and Roars" a program all about kindness and care of animals. Whether it's a tremendous tiger or a tiny house cat, all animals need food, shelter, love and understanding. Although the focus will be on felines, the facts and tips about animal care will apply to other pets as well.

Answers will be given for questions such as:

- What foods do cats need to stay healthy?
- Why do cats sleep so much?
- Can tigers purr?
- What does a wagging tail mean?
- What are whiskers used for?

The program will conclude with everyone making a special pop-up picture of their favorite pet or wild animal.

The fee for the program and art supplies is \$160.00 with a modest mileage fee.

It's not too soon to  
**THINK SUMMER!**
